

## BIBLE LESSONS

These Bible Lessons are set out in the *Christian Science Quarterly*, and used for individual study throughout the week. They are the sermon read on Sundays in Christian Science churches worldwide. Each Lesson includes selections from the Bible and *Science and Health with Key to the Scriptures* by Mary Baker Eddy.

The following 26 subjects constitute the weekly Bible Lessons and Sunday Sermons. Each is repeated in sequence twice yearly.

God	Are Sin, Disease, and Death Real?
Sacrament	Doctrine of Atonement
Life	Probation After Death
Truth	Everlasting Punishment
Love	Adam and Fallen Man
Spirit	Mortals and Immortals
Soul	Soul and Body
Mind	Ancient and Modern Necromancy, <i>alias</i>
Christ Jesus	Mesmerism and Hypnotism Denounced
Man	God the Only Cause and Creator
Substance	God the Preserver of Man
Matter	Is the Universe, Including Man Evolved by Atomic Force?
Reality	Unreality
